

# Personal Power Unit

Only \$525 CAD

-320Wh

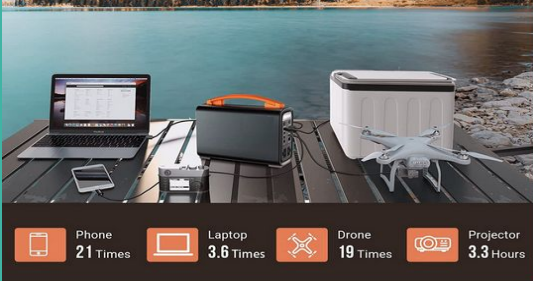

-200W inverter

-70W solar panel

9 DEVICES CAN BE CHARGED  
SIMULTANEOUSLY

10% higher conversion rate than others, longer power supply time

320Wh

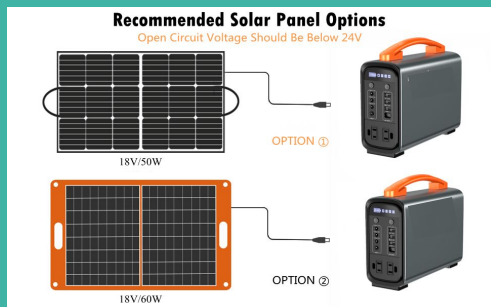

Phone 21 Times Laptop 3.6 Times Drone 19 Times Projector 3.3 Hours

Long Lasting,  
deep cycle  
LiFePO4  
batteries

DC/AC  
Inverter

# Mini-Modular Power Station

Only \$4999 CAD

-4800Wh

-1000W inverter

-700W solar panel

Off-Grid  
Modular Design

Portable Case

**Modular**

**Monitored**

**Manageable**

transform**

**empowering  
communities.  
transforming lives.**

**What can  
this 320W  
system  
power?**

- given 5 hours of sunlight daily
- 350Wh of power daily
- can power all the items for home or small business
- small fridge (50L)
- evaporative cooler
- lights, phones, & small TV

**100W Evaporative  
air cooler. 3hr  
3-5L/hr water  
consumption  
160-320 sq ft  
\$150**

**small fridge  
50L. & 24hr  
\$300**

**Charge phone  
21 times.**

**Charge laptop  
3.6 times.**

**What can one 4.8kWh battery  
power?**

**1000W water pump.  
4.8hr**

**Fridge and freezer.  
58hr**

**920W portable  
air conditioner.  
5.2hr**
